Learning Reinforcement

- Each topic is demonstrated with worked examples on real-shaped financial statements before learners practise.
- Each hands-on activity ends with a verification step so learners can confirm their own results.
- The trainer circulates during activity time to give individual feedback and unblock learners.
- Each topic closes with a recap mapped back to the course learning outcomes.
- Day 2 opens with a recap of Day 1 to consolidate the financial statement and ratio foundations.

Resources Required

- A laptop with Microsoft Excel (or a compatible spreadsheet application).
- The activity workbooks and instruction sheets from the course GitHub repository.
- Trainer Slides, Learner Guide and Lesson Plan (downloadable from the LMS/TMS portal).
- Projector or screen-share for trainer demonstrations.
- Whiteboard or digital equivalent for worked calculations.
